Artikel Riset

- 6** Pengembangan E-Modul Larutan Penyangga Berbasis Discovery Learning Untuk Kelas XI SMA/MA
Development of Discovery Learning Based E-Module on Buffer Solution Topic for Class XI Senior High School (SMA/MA)
A A Dinata and R Zainul
- 12** Validitas dan Praktikalitas Modul Titrasi Asam dan Basa Berbasis Inkuiri Terbimbing dilengkapi Soal-Soal Tipe HOTS
Validity and Practicality of Guided Inquiry-Based Acid and Base Titration Modules equipped with HOTS Type Questions
E F Asda and Iryani
- 18** Pengembangan Permainan Ludo Kimia sebagai Media Pembelajaran pada Materi Interaksi Antarpartikel
Chemistry Ludo Game as A Learning Media on Intermolecular Attractions Matter
Iswendi and R A Iswara
- 25** Analisis Validitas dan Praktikalitas dari Modul Minyak Bumi Berbasis Guided Discovery Learning
Validity and Practicality Analysis of the Petroleum module Based on Guided Discovery Learning
W Permatasari and Yerimadesi
- 32** Validitas dan Praktikalitas Modul Larutan Penyangga Berbasis Inkuiri Terbimbing Dilengkapi Soal-Soal Tipe HOTS
The Validity and Practicality of Buffer Solution Module Based on Guided Inquiry Complemented by HOTS Type Questions
S Handayani and Iryani
- 39** Validitas dan Praktikalitas Permainan Kartu Kimia (C-Card) pada Materi Sistem Koloid sebagai Media Pembelajaran kelas XI SMA/MA
The Validation and practicality of Chemical Card Game on Colloidal System Materials as a Learning Media on in Second Grade of Senior High School
A Zebina and Bayharti

- 44** Validitas dan Praktikalitas Modul Kesetimbangan Ion dan pH Larutan Garam Berbasis Inkuiri Terbimbing
Validity and Practicality of Module of Ion Equilibrium and pH of Salt Solution on Guided Inquiry
S Rahayu and Iryani
- 51** Pengembangan Permainan Halmakimia sebagai Media Pembelajaran Pada Materi Konfigurasi Elektron Kelas X MA/SMA
Development of Halmakimia Game as Learning Media on Class X MA/High School Electron Configuration Material
Kurniati
- 57** Perbandingan Hasil Belajar Kognitif Peserta Didik Melalui Pembelajaran Guided Discovery dan Guided Inquiry pada Materi Kesetimbangan Kimia
Comparison of Cognitive Learning Outcomes of Students Through Guided Discovery Learning and Guided Inquiry on Chemical Equilibrium Materials
W Fajriati and Z Fitriza
